isbn:9780495012696

Get a better grade with PRECALCULUS and accompanying technology! With a focus on teaching the essentials, this mathematics text provides you with the fundamentals necessary to be successful in this course and your future calculus course. Exercises and examples are presented the way that you will encounter them in calculus so that you are truly prepared for your next course. Tools found throughout the text, such as exercises, calculus connections, and true and false questions also help you master difficult concepts.
