This volume is the result of the Association for Canadian Studies in Australia and New Zealand (ACSANZ) 1995 conference held at La Trobe University in Melbourne, Australia. A special feature of the conference, though not its exclusive focus, was trade relations. But as with all ACSANZ conferences, the papers were wide-ranging and contributors were not limited to a single theme. This publication is a refereed collection from more than sixty papers that were presented and range from discussions of immigration policy in Canada and Australia to architectural practices in British Columbia; from Canadian influences on Australia's economic development to issues of identity politics in each nation's literature. In addition, the collection represents major research in the areas of globalization, migration, pluralism, and ethnic relations, with a strongly, though not exclusively, comparative orientation. This work is a co-publication with the International Council for Canadian Studies.
