# Product Description

California Boys – Fresh and sexy beyond belief!

Sam Carson’s art is simply a sensation in the world of gay men’s photography. He dispenses with complex staging and instead allows a quiet, erotic atmosphere to develop and fully unfold. The allure of his photos can be found in the hesitant intimacy with which his subjects encounter him. After his first, globally successful book of photographs "First Exposure" the Californian photographer Sam Carson continues his homage to fresh, innocently erotic young men with this collection. Carson presents unknown faces and fresh youthful bodies in sensitive portraits.
