《夏洛蒂·勃朗特》讲述了：Charlotte Brontë's life story is almost as well-known as the history of her greatest heroine, Jane Eyre. Few writers have had the facts of their lives so inextricably intertwined with the fiction they created. Charlotte Brontë craved literary success from earliest childhood, when together with her sisters Emily and Anne and brother Branwell, she wrote the famous little books about the Brontës' shared

imaginary worlds. She was a celebrated author who won great fame with her semi-autobiographical novels Jane Eyre, Shirley Villette and The Professor; yet the trials of her life, especially the early deaths of her sisters and brother, left her ill-equipped to deal with its demands. Slight of figure, plain of face but for her luminously intelligent eyes, Charlotte Bronte's character was a mix of shyness, ambition, intransigence and profound romanticism. This highly illustrated book provides a fluent account of the extraordinary life of a much-loved genius of English literature.

虽然这本传记不厚，但信息量还是很大的！终于知道为什么盖斯凯尔的那本传记里帕特里克形象那么不好的原因了——信息来源于勃朗特家被解雇的护士；青少年夏洛蒂更渴望成为一位画家（她的两幅画曾经被展览过）；在Cowan Bridge学校期间还写过一些lurid的故事（那时的夏洛蒂真是大学霸！）；给Heger写的信远远不止幸存的那四封……感觉作者很惋惜最后跟夏洛蒂结婚的不是史密斯（在别的书里看到晚年史密斯向朋友透露自己没有爱过夏洛蒂，可是我觉得起码有过惺惺相惜的感情）…其实我觉得整个勃朗特一家里最悲剧的是帕特里克，眼睁睁地看着所有的孩子走了（反对夏洛蒂结婚恐怕也是出于害怕失去最后的女儿，结果不幸成真）
