著者:Edward S. Casey

出版者:Indiana University Press

出版时间:2000-10-22

装帧:Paperback

isbn:9780253214126

In this lucid and wide-ranging book, Edward S. Casey provides a thorough descriptive treatment of varieties of human memory, including recognising and reminding, reminiscing and commemorating, body memory and place memory. Bringing to light forgotten and repressed aspects of human memory - everyday occurrences as well as unusual instances - this ambitious study demonstrates that nothing in our lives is unaffected by remembering.
