Author Dominica Marchetti had wonderful memories of her childhood, when her Italian-born mother often cooked up homemade ravioli, lasagne, roasts, invited everyone over, and always made them feel at home with her warm and open personality. Domenica recreated those days for her own family and friends by creating over 100 simple, delicious, Italian-inspired recipes that are comforting, delicious, and perfect for any size gathering whether an intimate dinner party or a huge crowd of hungry relatives.
