出版时间:2008-05-21

装帧:Hardcover

isbn:9780754627135

Taken together, the articles collected in this volume offer readers a reliable, illuminating, up-to-date and comprehensive introduction to both the political philosophy of John Rawls and the most significant of the scholarly debates it has generated and is likely to generate in coming years. Thoughtfully selected and introduced by David Reidy, they establish the structure, depth, fecundity and appeal, as well as the potentially significant defects, of Rawls' thought. The volume represents an invaluable resource for both students and scholars of Rawls or contemporary political philosophy.

作者介绍:

David A. Reidy is a Professor based in the Department of Philosophy at the University of Tennessee, Knoxville, USA.
