著者:Marie Gontier Geno

出版者:University Press of America

出版时间:2000-01-19

装帧:Paperback

isbn:9780761816065

This most helpful manual complements A la Française- - Correct French for English Speakers. The textbook, together with Manuel d'exercices, serves as an invaluable tool for the intermediate and advanced level college student, and for Advanced Placement

high school students. The manual addresses specific common difficulties first approached in the textbook. As in A la Française, emphasis is placed on grammatical and lexical differences between English and French.
