Jupiter was born in Russia, but he's getting quite an education in America. He sees

everything slightly askew - but in a way that's endearing to (most) of his fellow students. A popular girl takes him under her wing. He falls for her. A bully sets him as a target. But Jupiter disarms him in an unexpected way. His best friend ends up hanging with a posse of science geeks. Jupiter feels left out. With dead-on deadpan humor, Matthue Roth makes everything illuminated about American teen life - like Borat as directed by John Hughes.
