Recounting the three weeks of blood, sweat, and tears that make up a 7,000 mile journey from the glitzy streets of Paris to the hinterland of northwestern Africa, this incredible tale highlights the most arduous and notorious off-road motorsports event on the planet, the Paris-Dakar Rally. Since its inception in 1979, the rally has attracted more than 3,000 participants from all walks of life. Fully detailing what is considered by many to be one of the world's top five adventures, this book reveals amazing true tales of danger, from blinding sandstorms to endless vistas of towering dunes. Enduring these incredible hardships with perseverance, tenacity, ingenuity, and sometimes tragedy, the adventurers profiled here truly embody the triumphs of the human spirit.
