Educational Research: Planning, Conducting, and Evaluating Quantitative and Qualitative Research, third edition, is appropriate for courses in Introduction to Educational Research. This successful core research text is known for its truly balanced

coverage of qualitative and quantitative methods. The author's clear and practical writing has made this book a favorite among instructors and students. In precise step-by-step language the text helps students learn how to read and evaluate research studies. Key changes include: updated quantitative coverage, expanded coverage of ethics, and new research articles.
