著者:Susan Ehrlich

出版者:Routledge

出版时间:2007-12-20

装帧:Hardcover

isbn:9780415374392

This landmark four-volume collection from Routledge traces the development of language and gender from its original associations with second-wave feminism to its more recent alignment with postmodern approaches to feminism. "Language and Gender" is fully indexed and has a comprehensive introduction, newly written by the editor, which highlights key themes that have persisted across different historical periods and places the collected material in its intellectual context. It is an essential work of reference and is destined to be valued by scholars and students as a vital one-stop research and pedagogic resource.
