著者:John Benson

出版者:Routledge

出版时间:2001-01-29

装帧:Paperback

isbn:9780415212366

Presupposing no prior knowledge of philosophy, John Benson introduces the fundamentals of environmental ethics by asking whether a concern with human well-being is an adequate basis for environmental ethics. He encourages the reader to explore this question, considering techniques used to value the environment and critically examining 'light green' to 'deep green' environmentalism. Each chapter is linked to a reading from a key thinker such as J.S. Mill and E.O. Wilson. By the end of the book readers will be able to: discuss confidently aspects of the meaning of 'environment' understand and evaluate different approaches to environmental ethics, such as "deep" and "shallow" ecology discuss critically writings by key commentators on environmental ethics Key features include activities and exercises, enabling readers to monitor their progress throughout the book, chapter summaries and guides to further reading.
