Look into the heart and soul of a horse.

A surprise birthday gift plunged Joe and his wife, Kathleen, into the world of horses as complete neophytes without a clue as to what a horse needed or wanted. They searched for logic and sense in the rule books of traditional horse care. What they found was not what they had expected.

Written for everyone who has ever loved a horse or ever loved the idea of loving a horse, this memoir leads us on a voyage of discovery as Joe and Kathleen navigate uncharted territory on their way to achieving a true relationship with their horses. Joe Camp's inspiring book unlocks the mystery of a majestic creature who has survived on earth, without assistance, for fifty-five million years and teaches us that the lessons he learned apply not only to horses but also to our relationships with people.
