装帧:Paperback

isbn:9781600610523

This is not simply a pattern book, but a study of options for creating a variety of socks with a perfect fit, using time honoured techniques for shaping both heels and toes. The author's attention to detail and clear instructions will guide the reader to create a pair

of socks that fit like a glove! Plus, readers will enjoy 12 sock patterns, including traditional, beginner, and unusual styles, such as wool-lined slipper socks, sandal socks and more.
