## Book Description

The election of Barack Obama exhilarated the nation—and brought the most stylish, sophisticated, and fashion-conscious First Lady since Jacqueline Kennedy into the White House. A beautiful, strong, and elegant career woman, wife, and mother, Michelle Obama appreciates the importance of image—and not only recognizes the power of fashion...but truly enjoys it! Michelle Style celebrates the distinctive style of our incomparable First Lady, featuring color photographs, exclusive illustrations, and descriptions of her most iconic looks—from the sleeveless Maria Pinto purple silk crepe sheath that Michelle dazzled in the evening Barack clinched the Democratic nomination, to the ivory fairy-tale gown by Jason Wu that she wore for the historic inauguration. Including quotes from world-famous designers, stylists, and fashion insiders—and inspired advice on everything from dressing to suit your body type to shopping at Target—this one-of-a-kind volume spotlights and celebrates our remarkable twenty-first-century fashion icon.

绝大部分是one piece，使她健硕的身体显得修长。简单配饰。这似乎都是常识。唯一印象深刻的是她很喜欢纯色的衣服，所谓的bold color，明艳亮丽。

个人觉得挺不错，内容丰富，图片也多，不知为啥销量平平
