The aliens appeared one day, built a base on the moon, and put an ad on the Internet: 'We are an alien race you may call the Atoners. Ten thousand years ago we wronged humanity profoundly. We cannot undo what has been done, but we wish humanity to understand it. Therefore we request twenty-one volunteers to visit seven planets to Witness for us. We will convey each volunteer there and back in complete safety. Volunteers must speak English. Send requests for electronic applications to witness@Atoners.com'. Everyone thought it was a joke. But it wasn't. This is the story of three of those volunteers, and what they found on Kular A and Kular B.

评论

3.5星，主意不错，前半部在外星的观察很有意思，后半部转而写返回以后在地球的经历就有点无聊了，结尾有逻辑错误，并且对外星人外貌和问题的核心做了不必要的展示。
