Poppy Cat loves being in the garden - all year round! In spring, Poppy Cat loves digging the soil and planting seeds. In summer she's out in the sunshine playing on the swing.

In autumn she loves chasing falling leaves. In winter it's the ideal place to have snowball fights and build snowmen. Have fun learning all about the seasons with Poppy Cat. This spectacular carousel book has four quarters, each one packed with pop-up pieces, tabs to pull and wheels to turn. Poppy Cat's garden will come to life before your very eyes!
