

# Factions and Finance in China

[Factions and Finance in China\\_下载链接1](#)

著者:Victor C. Shih

出版者:Cambridge University Press

出版时间:2009-3-23

装帧:Paperback

isbn:9780521106474

作者介绍:

Victor C. Shih is a political economist at Northwestern University specializing in China. An immigrant to the United States from Hong Kong, Dr Shih received his doctorate in Government from Harvard University, where he researched banking sector reform in China with the support of the Jacob K. Javits Fellowship and the Fulbright Fellowship. He is the author of numerous articles appearing in academic and business journals, including *The China Quarterly* and *The Far Eastern Economic Review*, and frequent adviser to the private sector on the banking industry in China. His current research concerns the political economy of fiscal transfers in China and Chinese policies toward ethnic minorities. Dr Shih holds a B.A. from the George Washington University, where

he studied on a University Presidential Fellowship and graduated summa cum laude in East Asian studies with a minor in economics.

框架简单了点，料还是有的。

-----  
factional approach of economic reform analysis; centralization and failure of commercialization in the bank system; generalist v. technocrat (specialist) faction; great account of elite politics from 1978 on; maybe unfair to Zhu Rongji

-----  
终于看到正经的中国精英政治研究读本了

-----  
虽然吐槽一下把一篇Paper发展成book,不过Victor研究政治的思路是很好的，真心觉得中国的政治从来是精英政治，所以从精英入手才对。。。抗争什么的，我一直觉得不靠谱。

-----  
刚开始不喜欢,后来写着写着竟然发现思想步调和论证结构越来越像了= =!

-----  
第五章量化分析建模完全没看懂，实际上是把它当近代经济史看的。研究方法看不大懂，所以没有评论资格，不过私心以为并不是特别精妙。尽管许多地方说的挺对，也有一些闪光点，但也逃不过外国人讲中国史常有的那种隔靴搔痒的尴尬
