All is quiet in the Dinosaur Cafe until big bully Tyrannosaurus bursts in, demanding more than vegetarian fare! After he threatens to put all the herbivores into a dinosaur stew, they decide to retaliate and call in their secret weapon - Terry Triceratops who delivers a whack and a smack and a three-pronged attack! And with big bully T-Rex cowering in the corner, the rest of the dinosaurs join in and tickle him till he's helpless with laughter. As T-Rex eventually escapes, he agrees to end his bullying ways. This is a triumph for the peace-loving dinos!
