isbn:9780375429224

The SAT is a critical exam for college applicants, and more than 2 million students take the test each year. In *Cracking the SAT* the experts at The Princeton Review provide the information and strategies you need to succeed on the math, verbal and essay

sections of the exam. This new 2010 edition of our popular guide for the SAT offers proven techniques from the test prep experts, as well as 3 practice tests in the book and exclusive free access to another practice test and additional review and practice questions online.

In *Cracking the SAT* you'll learn how to think like the test writers and

- Master specific strategies for answering every question type
- Boost your vocabulary with our exclusive “Hit Parade” — a list of words that appear most frequently on the SAT
- Practice, practice, practice with questions just like those you'll see on the real SAT, and learn from your mistakes with detailed explanations for all answers

Plus you'll get a customized study plan for your schedule and access to optional online essay grading.
