Hundreds of thousands of people have already learned Spanish with the popular beginners' course, Espana Viva. It aims not only to teach Spanish but also something about the people who speak it. Ideal for those who know little or no Spanish, Espana Viva is carefully structured to suit learners without much time to study. Focusing on

listening, reading, writing and speaking, the points covered in each unit are limited to what could realistically be understood and learned in an evening. By the end of the course you should be able to handle a great variety of everyday situations reaching the equivalent level of a first qualification, such as GCSE. Audio \* Authentic dialogues and interviews allow you to hear native Spanish speakers using everyday language \* Pronunciation practice and revision exercises enable you to hone your listening and speaking skills 3 x 60-minute CDs
