The award-winning team of *What Do You Do with a Tail Like This?* and *Move Once Again* create a nonfiction picture book that is amazingly beautiful, fun, and filled with all sorts of interesting facts. Here, Steve Jenkins and Robin Page investigate sibling relationships throughout the animal kingdom. In this book you will learn that anteaters are always only children and nine-banded armadillos are always born as identical quadruplets. You will also learn that falcons play-hunt in the sky and that hyena cubs fight to the death. This is the perfect book for animal lovers young and old.
