In the third book chronicling the online and offline adventures of Angela, Zoe and

Maddie, the girls are finally seniors and ready for the great year they deserve. After two years of fighting, experimentation and some hilarious stories, they are prepared to enjoy the fruits of seniority - even though being top dogs at school means thinking about college, sex and even the impending end of their inseparable trio. Good girl Zoe is talking about sleeping with her long-time boyfriend, Doug; kooky Angela has a great new boyfriend who showers her with gifts - too bad she doesn't love him and moody Maddie is obsessed with teaching Queen Bee Jana, who is back to her usual tricks, the lesson of a lifetime. It's war between the winsome threesome and the class royalty. Baby chicks, car chases and a bad case of prom vomit are just a few of the wacky happenings in this most memorable of senior years.

我从来没有想过，我会为了学口语表达去看这种可爱淘之流的网络语言书，如果它是中文，我是眼睛都不会瞄一眼的。虽然它非常口水话，但因为用的是美式acronym,第一章就看的我云里雾里，总算体会到那时候网络语言作文老师看的云里雾里的感觉……
