Recapture the riot of colour, style, and innovative design that defined the 1960s with collectables expert Judith Miller. This work includes over 450 classic, retro and fun items - from furniture and fashion to toys and technology. It also includes iconic pieces from Biba, Fornasetti, and Verner Panton with a star-rating system indicating the value of every item. This is the perfect guide for all those who were there - or wish they were!
