National Geographic's stunning rendition of the constellations' glittering lightshow is now available in paperback.

Take an illuminating ride through the starry night sky, and learn how the heavens pay tribute to the gods of Greek and Roman mythology. Once Upon a Starry Night explains the ten ancient figures whose legends are written large across the universe. Every page shines with Christina Balit's vibrant art, studded with shiny stars, and provides the perfect backdrop to Jacqueline Mitton's poetic text.
