acclaimed Essentials and The Food of series), with contemporary recipes and food styling to fire the imagination of all cooks. With three distinct strands - ingredients, regional cuisines and cooking styles - the COOKING series has the potential to cover a diverse range of books. From the simple pleasure of cooking the basics to the challenge of expanding your repertoire through the in-depth exploration of a versatile ingredient or an exotic regional cuisine, this series is an essential addition to any kitchen. Each title in this extensive series will feature step-by-step recipes and photographs. Additional information on unusual or misunderstood ingredients, cooking methods or serving suggestions will feature throughout the books. Photographs of the recipes will combine classical styling with a contemporary twist, ensuring an enduring look.
