isbn:9780415247078

It could be argued that deconstruction has to a considerable extent been formed by

critical accounts of it. This collection reprints a cross section of these important works, charting the ways in which deconstruction is conceptualized and demonstrating the impact it has had on a wide range of traditions. The essential pieces in this set include writings by Jacques Derrida, Jonathan Culler, Paul de Man, Barbara Johnson, and a wide range of key thinkers in areas as diverse as psychoanalysis, law, gender studies, and architecture.

The major themes covered include:

* Vol. 1: Part I: What is Deconstruction?

Part II: Philosophy

* Vol. 2: Part III: Literary Criticism

Part IV: Feminism and Queer Theory

* Vol. 3: Part V: Psychoanalysis

Part VI: Religion/Theology

Part VII: Architecture

* Vol. 4: Part VIII: Politics

Part IX: Ethics
