This title is a delicious, funny and touching final installment of Emma Hamilton's struggles to become a mother. Just as Emma and her husband James become parents of eight-month-old Russian baby, Yuri, they also find out that Emma is pregnant. Emma discovers that having her dreams come true brings a whole new set of problems as she is faced with well-meaning friends and family - and not-so-well-meaning maternity nazis - telling her how to be a mother. Only her wonderful calm long-suffering husband, a mad family that makes her look like the down-to-earth sensible one, and fantastic friends whose lives are even crazier than her own, keep Emma from losing it, and in the end she comes through with her usual mix of humour, good-natured hysteria and real heart.
