From Doris Lessing, "one of the most important writers of the past hundred years" ("Times" of London), comes a brilliant, darkly provocative alternative history of humankind's beginnings. In the last years of his life, a Roman senator embarks on one final epic endeavor, a retelling of the history of human creation. The story he relates is the little-known saga of the Clefts, an ancient community of women with no knowledge of nor need for men. Childbirth was controlled through the cycles of the moon, and only female offspring were born--until the unanticipated event that jeopardized the harmony of their close-knit society: the strange, unheralded birth of a "boy."

评论

是我发现的！！2011年寒假，看了裂痕后偶然搜到的，纯发现。虽然并不是冲莱辛去的，但还是被她折服。。女性主义大作。
