Released in 2005 in Arabic, *Girls of Riyadh* caused a sensation throughout the Arab world. Now in English, Rajaa Alsanea's bold first novel exposes the hidden lives of young upper-class women and their personal conflicts with cultural tradition and offers Westerners an unprecedented glimpse into a society often veiled from view. From the Saudi singles scene in Riyadh to their travels outside the country, four young women, Gamrah, Michelle, Sadeem, and Lamees, literally and figuratively shed traditional garb as they negotiate, their love lives; their professional successes; their rebellions, large and small; and ultimately their place-somewhere in between contemporary Western society and their Islamic home.

评论

对男人是越来越失去信心。有一面诱惑你一面试探你受不受诱惑的（有意思没意思啊？）。有其实根本不相信爱情，窝囊得不想和父母亲人争取的。有一直有小三，还觉得理所当然的。有根本不把女人当人看的。虽然算喜剧结尾了，但写出的其实是男权社会下女性的悲哀。而世界上每个社会里，女性都是同样悲哀的。

全书的女孩我最喜欢Lamees！以及马上就能亲眼康康Saudi渣男啦（x）！

土豪国富二代女生的故事。看看开开眼界就算了，较真就不必。毕竟有关土豪石油国的书不多，聊胜于无。

for better understanding

书评

Perfect insight into the isolated world of the kingdom and explicit depiction of Islamic mentality. Arab guys hate this book as it talks quite a lot of negative sides of the males. But men universally are the same.
