Words of wisdom on raising a family, from President Barack Obama.

Barack Obama's eloquent words have inspired many. Here, in the only collection of its kind, are his thoughts on parenting and family. Each of his quotes is set in a context of insightful background on Obama's family experiences-a child of divorce, raised by a single mother, woven into a blended family, reared for years by his grandparents, then going on to embrace his multi-racial roots and blood relatives-and how each of these experiences helped to shape the choices he made in starting his own family.

Distinguished by its selection of photos of President Obama in casual family settings, this is an inspiring keepsake and a wonderful gift for baby showers and birthdays-as well as for the first Mother's Day and Father's Day that Obama will be in office.
