出版者:University Of Chicago Press

出版时间:1998-05-22

装帧:Paperback

isbn:9780226450537

Leszek Kolakowski reflects on the centuries-long debate in Christianity: how to reconcile the existence of evil in the world with the goodness of an omnipotent God, and how God's omnipotence is compatible with people's responsibility for their own salvation or damnation. He approaches this paradox as both an exercise in theology and in revisionist Christian history based on philosophical analysis. This unorthodox interpretation of the history of modern Christianity will provoke renewed discussion about the historical, intellectual, and cultural importance of neo-Augustinianism. Written with Kolakowski's characteristic wit and irony, *God Owes Us Nothing* will be required reading for philosophers, religious scholars, theologians, and historians alike.
