This title covers dedicated mailing and e-mail campaign to targeted travel related media and organisations. It features detailed information on capital cities. National Parks, top attractions, a comprehensive and detailed road atlas, and much more. This superb volume, fully revised and updated for 2008, features detailed information on over 700 attractions around Australia - from state capitals to National Parks. "Explore Australia 2008" is packed with inspiring hints and tips to help travellers get the very best from their trip, whether exploring the magnificent outback, backpacking your way around famous places, or surfing along Australia's beautiful coastline. Also included in this volume is an extensive road atlas to make travelling that little bit easier, as well as a new section on Australia's Classic Drives. This is an essential volume for anyone planning a trip to this truly amazing country.
