装帧:Hardcover

isbn:9780841603615

The Survivors presents 100 tribes from all over the world who live today as did their ancestors. Filled with intimate photos and lively text, this spectacular volume gives us a glimpse of cultures who have survived well into the modern age with their traditions and way of life intact. It is a glorious collaboration and time capsule of peoples whose traditions of life may soon disappear from our world.
