Dave's third book is a funny, scary and totally Dave account of the underworld – the people he knows, the things he's done, and what he thinks of the future of crime. Be ready for some surprises – if you think you know Dave, and what he's going to say, then you're in for a big surprise. Dave pulls no punches in telling us what he thinks of those who use to run the crime in the city – what is going to happen when the Russians start moving in – and just who have been the biggest influences in his life. Oh, and he tells some jokes, too.

作者介绍:

"Dodgy" Dave Courtney (born 17 February 1959) is a self-proclaimed former British gangster who has become both an author and celebrity-gangster figure. Author Bernard O'Mahoney and the former member of the Richardson gang Frankie Fraser have accused Courtney of embellishing and fabricating his criminal record and position in the underworld; however, Courtney has denied overstating his past.

Dave was educated at Forest Hill Comprehensive, where he was an active member of the drama group, taking the lead role in several plays.
