At some point, every toddler has their own beloved comfort object whether it be a teddy bear or a blanket. So does each Sesame Street character, and this book tells all about them: Elmo's beloved plush doll, David; Cookie's soft blankie; Ernie's Rubber Duckie; Zoe's doll, Mimi; Big Bird's soft, stuffed bear, Radar; and others. Gentle rhyming text reassures babies and toddlers that it's okay to have their own special lovie. A padded-cloth cover makes this board book especially comforting and cuddly.
