Crochet joins forces with the hot craft of beading in this stylish collection of original projects. By combining fiber, beads, and other attractive materials, today's crafter can make truly spectacular, professional-looking jewelry: an Art Nouveau necklace and earring ensemble of iridescent seed beads with the look of Tiffany glass; strands of earth-toned beads with matching chunky tubular crochet bracelet; a trio of layered necklaces and pendant of faux jade to cast a mysterious Asian spell; and more than 20 other stunning ensembles.
