A new reality lies ahead of us: In the sequel to Zen of Stars, St.Clair continues his timeless journey with The Master of Light. Future space travel is accomplished through interdimensional time travel. The soul activates the NewMind Technology, guiding us beyond time-space and back to our true origins. St.Clair gives essential astrological information connecting the mysteries of Atlantis with the extra-terrestrial origins of mankind, and predicts that it is our destiny to return to Cosmos. His precision-guided prophecy reveals how timing of world events is written in the stars. 2020 is the Capricorn planet alignment changing the earth. By 2070, with Pluto in Aries, the human species will be a unified teacher group and part of a new civilization. This spell-binding book by the seer, designed with light-encoded words, alters your reality and allows you to engineer your own future. It answers the most fundamental issues facing mankind now.
