著者:Edward W. Youngkins

出版者:Lexington Books

出版时间:2005-10

装帧:Paperback

isbn:9780739110775

Philosophers of Capitalism provides an interdisciplinary approach, attempting to discover the feasibility of an integration of Austrian Economics and Ayn Rand's philosophy of Objectivism. In the first section of the book, Edward W. Younkins supplies essays presenting the essential ideas of Carl Menger, Ludwig von Mises, and Ayn Rand. Building upon these essential ideas, the second portion of the book brings together scholarly perspectives from top academics, analyzing Menger, von Mises, and Rand. The third and final section of the book looks toward the future and the possibility of combining and extending the insights of these champions of a free society, emphasizing how the errors, omissions, and oversights made by one theorist can effectively be negated or compensated for by integrating insights from one or more of the others. Featuring a list of recommended reading for the major ideas and theorists discussed, Philosophers of Capitalism is an essential book for both philosophers and economists.
