著者:John Chambers

出版者:Wadsworth Publishing

出版时间:1998-10-02

装帧:Paperback

isbn:9780669335385

This volume traces the evolution of the American military, its institutions, strategic

doctrines, and technology. The selections provide a social and institutional focus of the "new" military history, and follow the metamorphosis of the militia, the professionalization of the officers' corps, and the course of civilian control of the military.
