A soft and cuddly elephant doll becomes a thick book cover when it's opened to reveal a charming color illustrated story on cloth pages. Cuddly Baby Elephant plays many games with her friends, the rhino and the monkey. When their happy playtime is over, she finds a pretty flower and takes it home to her Mommy. When closed, this fluffy toy can be hung by its Velcro tail to a stroller or car seat to keep Baby amused. The elephant has a dimensional articulated head and legs, and its Velcro-tipped tail does double-duty, keeping the book closed when it's time to put it away. This delightful book also has a fluffy cloth carrying handle for toddlers to hold. All "Books on the Go " are packaged in see-through plastic bags.
