Each volume includes: -- An introduction providing the reader with a lucid overview of criticism from its beginnings -- illuminating controversies, evaluating approaches and sorting out the schools of thought-- The most influential reviews and the best reprinted scholarly essays-- A section devoted exclusively to reviews and reactions by the subject's contemporaries-- Original essays, new translations and revisions commissioned especially for the series-- Previously unpublished materials such as interviews, lost letters and manuscript fragments-- A bibliography of the subject's writings and interviews-- A name and subject index
