This work explores a wide range of cultural strategies to promote participation and empowerment in both First and Third World settings. The book starts by analyzing contemporary debates on cultures, communities and identities, in the context of globalization. This sets the framework for the discussion of cultural strategies to combat social exclusion and to promote community participation in transformative agendas for local economic and social development. The final chapter focuses upon the use of cultural strategies and new technologies across national boundaries, at the global level.

## 评论

老奶在最後一章寫到了“南北對話”，“參與式研究/評估PLA”等全球社區發展，還點名video和網絡媒體作為手法的方便和限制。也就這樣了。
