Cross Bones Read by Michele Pawk When an Orthodox Jew is found shot to death in Montreal, Temperance Brennan is called in to examine the body and to figure out the puzzling damage to the corpse. Unexpectedly, a stranger slips her a photograph of a skeleton and assures her the picture is the key to the victim's death. Before she knows it, Tempe is involved in an international mystery as old as Jesus, a mystery that could rewrite 2000 years of religious history. Along with Detective Andrew Ryan and biblical archeologist Jake Drum, Tempe travels to Israel to probe the origins of the skeleton and the ancient crypt in which it was found. Have they made a startling discovery that raises radical questions about Christ's death? Or, has someone concocted an elaborate hoax?
