For undergraduate Introduction to Criminal Justice, Administration of Justice, and Criminal Justice courses. The most experienced author team of any introduction to

criminal justice textbook brings the world of criminal justice to life in Crime and Justice in America: A Human Perspective 6e. Reflecting the authors' decades of experience as police officers, police administrators, correctional administrators, trial attorneys, trainers, scholars & educators, Crime and Justice in America takes students inside the real world of the criminal justice system. The authors combine their first-rate scholarship with their first-hand knowledge to provide students with an authoritative, relevant, and thought-provoking introduction to the everyday functions of the police, the courts and the correctional system in the United States.
