Sacco/Kennedy is a concise, economical text that offers a unifying element to aid student understanding of the material presented. The organizing tool ("the criminal event") presents crime as consisting of many facets, and it shows the relationships between the various facets of crime. With an emphasis on spatial analysis, the authors examine crime from all sides, what motivates people to commit crime, who suffers and how, and how society should respond.

有点枯燥难啃，另一点是数据都略老。不过作为入门书只要啃得下去感觉还挺好的==
