Series Editors: David O'Connell, Georgia State University and Alan Shucard, University of Wisconsin-Parkside
Authoritative, in-depth studies of the development of poetry within specific countries worldwide. Each volume is written by a distinguished scholar in the field and offers:
A definitive chronology of poets and publications
An incisive general history of the nation's poetry
Original, accessible analyses of all major poets, poems, and literary movements
Convenient reference features-including notes and references, an annotated bibliography, and an index
