Hayden Carruth, one of the most acclaimed poets of our age, lives his music-finding the perfect low tones of terrible loss and high riffs of family and friendship."Carruth keeps getting better."-"The New Yorker""Carruth's new poems are, essentially, songs of praise and celebrations of beauty; for all the real anguish and pain they record, they remain enactments of a fundamental attitude of faith and wonder."-"Times Literary Supplement "(London)"The elegiac gravity of 'Dearest M-, ' on a daughter's death, refuses to release us until its final syllable."-"Library Journal "(starred review)
