著者:Drake, David 编

出版者:

出版时间:2002-1

装帧:

From David Weber to David Feintuch to David Drake, military writers have exploded into the science fiction scene and continue to leave their marks. Now, bestselling Hammer's Slammers creator David Drake pays homage to his own sub-genre by gathering 10 classic takes of men at arms by SF Greats, including Harry Harrison, Joe Haldeman, Richard C. Matheson, Gene Wolfe, Keith Laumer and David Drake himself.
